2022 Wastewater System of the Year Awarded to Albion Borough WWTP

This award recognizes the Albion Wastewater Treatment Plant's staff for providing the highest quality wastewater treatment and service to the community and customers in the state of Pennsylvania.

The Pennsylvania Rural Water Association is a nonprofit organization that specializes in the water and waste management industry.

PRWA provides maintenance and production of water utility systems that purifies drinking water to rural Pennsylvania. PRWA represents its members to state and national government agencies.

On Tuesday, November 22, 2022, Chad Heister, PRWA Energy & Sustainability Circuit Rider, presented the award to Robert Fuller the Chief WWTP Operator along with Scott Seaton WWTP Operator, and WWTP Laborers Jake Simpson and Brent Swift, Jr. Chief WWTP Operator Robert Fuller attributes winning this award to the amazing team he has at the WWTP. "We wouldn't be able to continually make improvements if it wasn't for the great team I have." Fuller.
