## Albion Borough and Cranesville Borough Work Together

*Have agreed to an Intermunicipal Agreement in regard to winter snow plowing.*

The two Boroughs have entered into an Intermunicipal Agreement allowing Albion Borough's Public Works Department to plow and salt Cranesville Borough's roadways. For this service Cranesville Borough will be billed on a monthly basis. Both Borough's are eager to continue working together.

# Pennsylvania Snowfall

## Heaviest Snowfall Hits Northwest Corner of PA

*Public Works Department Foreman, William Snow, and his crew were out plowing and salting, trying to keep the roads cleared as massive amounts of snow continued to accumulate.*

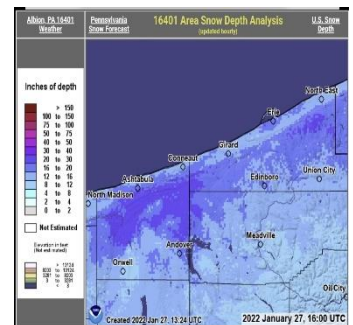

Albion Borough's Public Works Department knew a storm was coming, they were prepared to come out in the early hours to

begin plowing and salting the roadways. When the snow began to fall, it fell hard and fast making it difficult for the plows to keep up. "My crew worked hard to keep the streets cleared and salted. Our priority was keeping the roadways as clear as possible." stated Foreman

Snow. Albion Borough is also plowing and salting Cranesville Borough roadways. Many residents have expressed thanks at the efforts being made by the Public Works Department. The National Weather Service announced snow had fell at a rate of 1 to 2 inches per hour. Meteorologist Joe Lundberg predicted this could be the first the first winter storm of 2022 did not come into the area quietly.

bomb cyclone of 2022. A bomb cyclone is a storm with central pressure that plummets 24 millibars in 24 hours.

**"40.2 inches of snow accumulation have been recorded for 2022"**

Erie County has received 40.2 inches of snow accumulation for 2022. Prior to the storms, this area has enjoyed a very mild winter with very little snow accumulation. As more snow is predicted to hit our area, the Public Works Department asks residents to be patient as they continue to clean snow off the roadways and to please keep their vehicles off the roadways from 2:30am to 6am.
