CDVG Grant **Borough Manager:** We received the notice of intent for funds; this is for the \$100,000.00 for the low to medium income. They are now going to go from the County to the State to request the funds, so it's not going to be too long that once they get the funds we will be opening up and going out to notify residents. They will come out and inspect the properties and they will handle all of that.

Façade Grant **Borough Manager:** we received another \$15,000.00 this year to help improve the downtown area. We need to advertise that we will be accepting applications. We still have \$12,000.00 from last year as well. We are working with the Chamber and thinking of different ways to use the funds from last year; such as decorations for the different seasons to dress up out downtown. Make it look inviting to draw more people in. Your input is always important and welcomed.

402 Training **Borough Manager:** Training is on March 5, 2020 6pm-10pm. As Officials you need to have this training, it is \$5.00 per person. If we were ever to need FEMA, this training is necessary. **Rick Houston:** You need to have this training; you really want to have this.

Attending 402 training: Mayor Rogers
Council President Greg Hemmis
Vice President Jason Harayda
Brett Hall
Stephanie Kramer

AVFD

Rick Houston: We want to thank you for the sign for Dave Davis. I knew Dave my whole life and we worked real close. We really appreciate it. Cranesville and Albion are working together on how to improve calls to the entire area. We are just in talks right now. Sometime in March, we are going to have a meeting with the local Municipalities about looking at the future and trying to be proactive. We will be sending letters out; this meeting will be just for the Municipalities. It is just a discussion on where things could go.

**Finance/Admin
Committee**

B. Hall: Reviewed contracts

**Parks Committee
Report**

R. Marshall: March 21, 2020 with a rain date of March 28, 2020. Getting fliers posted to notify community. We want to move forward with a Park and Recs Board. But we want Council to maintain control for now. **Attorney Betza:** I will have something for you by the next meeting.

Public Works

J. Harayda: Met with Marcus from WTP, Robert from WWTP, and Kent from Public Works. We reviewed their projects and goals.

202 East State

Insight Group stated the grant went through. No tanks were found with the sonar testing. They will be coming back to do some drilling to take some more samples, DEP will be there. We are moving forward.

**Habitat for
Humanity Meeting**

There will be a meeting March 10, 2020 at 6:00pm at the AVFD, Habitat for Humanity will be here to speak to everyone
